Rent cradle per winter- or summerseason	€ 100
Larbour craftsman / hr	€ 66,55

Other costs

Vessel length	to 10 m	10-12 m	12-14 m	14 - 16 m
Ship hoisting out and into the water	€ 250	€ 310	€ 450	€ 600
Mast down and up (*)	€ 290	€ 550	€ 660	€ 750
Hosing down + environmental surcharge	€ 70	€ 80	€ 100	€ 125

(*) Putting down en placing of masts and other spars is a time consuming bussiness. Some sailors choose to do this themselves or to assist Ventis. In that case there is a reduction. Please make contact to talk this over.

For hoisting en placing masts , Ventis uses the craningfacilities of our neighbour company A-Marine. We've agreed that employees of Ventis give assistance for our private customers. We know the ships, we know better how to cradle the ships en we take good care.

The vessel and its contents must be at all times be adequately insured by the owner against damage. Gas cylinders shall not be retained on board.

Otherwise NJI Winter Storage and Berthrental Conditions, NJI Harbour- and Boatyard Regulations, and as far as there is other work to be done, the NJI Consumer Conditions, apply. You can find these on our website:
